

Financial Tear Sheet

Corporate Profile

Cabot Microelectronics Corporation, headquartered in Aurora, Illinois, is the world's leading supplier of chemical mechanical planarization (CMP) polishing slurries used in semiconductor manufacturing, and second largest CMP pads supplier to the semiconductor industry. The company's products play a critical role in the production of advanced semiconductor devices, helping to enable the manufacture of smaller, faster and more complex devices by its customers. The company's mission is to create value by delivering high-performing and innovative solutions that solve its customers' challenges. The company has approximately 1,150 employees on a global basis.
